

WELCOME TO BALTIMORE

Baltimore City is easy to navigate, with its charming walkable neighborhoods, exciting eateries, vibrant arts and culture scene and the picturesque Inner Harbor all in close proximity. As with all of our larger meetings and conventions, Visit Baltimore works with each group, other city agencies and the Baltimore Police Department to ensure all attendees feel safe and comfortable during their visit.

What You Can Expect

Visit Baltimore and our tourism and safety partners have implemented a program during citywide conventions and events to ensure the safety of all visitors. Discussions are held regularly to review upcoming events and plan accordingly for appropriate safety resources and deployments.

Attendees can expect to see:

- Security provided by Tactical Protective Services (TPS) around the convention footprint. The security team will provide coverage on the outside perimeter of the Baltimore Convention Center (BCC), including monitoring attendees traversing to and from the major hotels as well as physical checks of hotels and the Inner Harbor area. You may see them on foot and on patrol in a public safety vehicle.
- Added safety protocols by the Downtown and Waterfront partnerships around the BCC, contracted hotels and off-site event venues used by the group, including the presence of private security contractors and public law enforcement.
- Parking garage monitoring in the downtown Baltimore area.

Always Travel Smart

Visit Baltimore and the hospitality community are dedicated to offering an outstanding experience while attendees are visiting our city. Whether you are attending conference events, dining at our award-winning restaurants or popping into a local attraction to grab a memento of your visit to Baltimore, these quick and easy precautions ensure you can explore our vibrant city with confidence:

- Remove your badge when you leave conference events.
- Remain in well-lit, high traffic areas.
- Plan your route ahead of time so you don't get lost.
- Stay alert to your surroundings.
- Keep your phone and valuables tucked into your bag or pocket.
- If possible, travel in groups of three or more.
- Don't hesitate to ask a uniformed officer, guide or security professional for help or guidance.
