Training & Travel Awards

Environmental Health

APPLY HERE

DESCRIPTION

APHL offers Environmental Health Training and Travel Awards to support public health professionals in enhancing their skills and expanding their knowledge in environmental health. These awards provide opportunities for professionals to attend relevant training sessions and conferences facilitating knowledge exchange and skill development across the field. By participating, awardees gain access to valuable learning experiences, peer networking, and the latest methods in environmental health testing. This initiative helps build capacity within the environmental health community and promotes a more effective response to emerging public health challenges. These awards are intended for permanent employees at APHL member environmental or public health laboratories engaged in testing in environmental (air, water, soil, etc.) or clinical (blood and urine) specimens.

AWARD DETAILS & DEADLINE

Applications open: Thursday, July 9, 2026

Application deadline: Thursday, April 1, 2027

Travel must be complete by: May 1, 2027

This application will be open as long as funds are available. Applicants will receive a notification regarding their application in 1-2 weeks following application submission

APHL events, like the APHL Annual Conference, are not eligible for this award.
