

Public Health Laboratory Appreciation Month

Do-it-Yourself Photo Booth

September is Public Health Laboratory Appreciation Month! To help you start the celebration, this packet has everything you need for a DIY photo booth. Use this during a fun event to recognize the legends in your laboratory!

These are the included materials and recommendations for how to assemble your photo booth:

- Letters to spell out Public Health Laboratory Appreciation Month words: Cut out each letter and use the fold-over tabs for assembling with the included string.
- One packet of two sparkly teal background panels: These can be hung on a wall or door with tape.
- Flags that spell out LEGENDS: Use the included string to hang this banner.
- Three sections of string are included for assembling and hanging the banners mentioned above.
- Cut out the speech bubbles and attach them to the craft sticks included to make photo props. You can make custom speech bubbles with the template in the toolkit!

Make this photo booth unique and amazing by adding additional items like balloons, streamers, paper fans and decorative pom-poms. Take photos of your amazing laboratory staff and provide props like boas, giant sunglasses or anything else fun!

Have fun, send us your pictures and remember to share on social media using **#ThanksPHLabs!** For more inspiration and fun ideas for Public Health Laboratory Appreciation Month, check out **aphl.org/PHL-month**. This page will be updated regularly so check back often.
